

Specification Sheet

Tube compatibility

With state-of-the-art manufacturing and newly developed facilities, our stainless steel tube production sets the standard for quality and performance. We manufacture Grade 304 and 316L stainless steel tubes for multiple applications, including both drinking and non-drinking water systems.

Designed specifically for the plumbing and heating sector, our precision-engineered tubes deliver durability, reliability, and corrosion resistance. Combining advanced technology with sector-specific expertise, we offer high-quality solutions to meet the evolving demands of modern infrastructure and installation projects.

Features and benefits

- Comprehensive stainless steel material range to meet the requirements of the European markets
- Manufactured to and in accordance with European Standards
- All tubes finished with plastic plugs to help protect the tube internally from dust and debris
- Size range from 15 to 108mm
- Available for use with multiple applications both for drinking water and non drinking.
- Material grade 304 available in multiple thicknesses; thin and standard
- 10 year product guarantee
- All tubes are tested in accordance with EN 10312, including Tensile, Expansion and many more
- 316L tubes have been approved and certified by DVGW

304 Thin Wall							
Item Code	Material	Length (mm)	Diameter (mm)	Wall thickness (mm)	Kg per m	Edge Finishing	Plastic plugs
PSTUBE-304-15T	1.4301 (AISI 304)	6000	15	0.6 (thin wall)		Milled	Yes
PSTUBE-304-18T	1.4301 (AISI 304)	6000	18	0.7 (thin wall)		Milled	Yes
PSTUBE-304-22T	1.4301 (AISI 304)	6000	22	0.7 (thin wall)		Milled	Yes
PSTUBE-304-28T	1.4301 (AISI 304)	6000	28	0.8 (thin wall)		Milled	Yes
PSTUBE-304-35T	1.4301 (AISI 304)	6000	35	1.0 (thin wall)		Milled	Yes
PSTUBE-304-42T	1.4301 (AISI 304)	6000	42	1.1 (thin wall)		Milled	Yes
PSTUBE-304-54T	1.4301 (AISI 304)	6000	54	1.2 (thin wall)		Milled	Yes
PSTUBE-304-76T	1.4301 (AISI 304)	6000	76.1	1.5 (thin wall)		Milled	Yes
PSTUBE-304-108T	1.4301 (AISI 304)	6000	108	1.5 (thin wall)		Milled	Yes

304							
Item Code	Material	Length (mm)	Diameter (mm)	Wall thickness (mm)	Kg per m	Edge Finishing	Plastic plugs
PSTUBE-304-15	1.4301 (AISI 304)	6000	15	1.0		Milled	Yes
PSTUBE-304-18	1.4301 (AISI 304)	6000	18	1.0		Milled	Yes
PSTUBE-304-22	1.4301 (AISI 304)	6000	22	1.2		Milled	Yes
PSTUBE-304-28	1.4301 (AISI 304)	6000	28	1.2		Milled	Yes
PSTUBE-304-35	1.4301 (AISI 304)	6000	35	1.5		Milled	Yes
PSTUBE-304-42	1.4301 (AISI 304)	6000	42	1.5		Milled	Yes
PSTUBE-304-54	1.4301 (AISI 304)	6000	54	1.5		Milled	Yes
PSTUBE-304-76	1.4301 (AISI 304)	6000	76.1	2.0		Milled	Yes
PSTUBE-304-89	1.4301 (AISI 304)	6000	88.9	2.0		Milled	Yes
PSTUBE-304-108	1.4301 (AISI 304)	6000	108	2.0		Milled	Yes

316L								
Item Code	Material	Length (mm)	Diameter (mm)	Wall thickness (mm)	Kg per m	Certification unit	Edge Finishing	Plastic plugs
PSTUBE-316-15	1.4404 (AISI 316L)	6000	15	1.0		DVGW	Milled	Yes
PSTUBE-316-18	1.4404 (AISI 316L)	6000	18	1.0		DVGW	Milled	Yes
PSTUBE-316-22	1.4404 (AISI 316L)	6000	22	1.2		DVGW	Milled	Yes
PSTUBE-316-28	1.4404 (AISI 316L)	6000	28	1.2		DVGW	Milled	Yes
PSTUBE-316-35	1.4404 (AISI 316L)	6000	35	1.5		DVGW	Milled	Yes
PSTUBE-316-42	1.4404 (AISI 316L)	6000	42	1.5		DVGW	Milled	Yes
PSTUBE-316-54	1.4404 (AISI 316L)	6000	54	1.5		DVGW	Milled	Yes
PSTUBE-316-76	1.4404 (AISI 316L)	6000	76.1	2.0		DVGW	Milled	Yes
PSTUBE-316-89	1.4404 (AISI 316L)	6000	88.9	2.0		DVGW	Milled	Yes
PSTUBE-316-108	1.4404 (AISI 316L)	6000	108	2.0		DVGW	Milled	Yes
