

Environmental Policy Statement

Conex Universal Limited is a UK based business part of IBP group. The business specialises in the design and supply of plumbing fittings and valves to customers in the domestic, commercial, industrial, HVAC and shipbuilding markets worldwide.

The business is committed to protecting the local and global environment and to minimize environmental impacts concerning its activities, products, and services.

To achieve this Conex Universal Limited operates an Environmental Management System (EMS) in accordance with the requirements of ISO 14001:2015

The company leadership team fully supports the EMS and shall:

- Comply with applicable legal and other requirements to which the company subscribes which relate to its environmental Aspects.
- Include the consideration of environmental issues in all business strategies and initiatives.
- Prevent pollution, reduce waste and minimize consumption of resources.
- Educate, train and encourage, employees, suppliers and subcontractors to carry out tasks in an environmentally responsible manner.
- Maintain key processes such as internal audits, monitoring, corrective/preventive action and management reviews to achieve the set objectives & targets.
- Ensure that the adequate resources needed for an effective EMS are available.
- Promote continual improvement of environmental performance.

This policy will be communicated to all employees and organisations working for or on our behalf.

The policy is available on company website www.conexbanninger.com to all interested parties.
